## SUMMARY

Frontend Engineer with 2+ years of hands-on experience building responsive and production-ready web applications using React and Next.js.

Worked on real-world business platforms including a construction management system and a marketplace-style web platform. Focused on clean component structure, API integration, performance optimization, and maintainable code.

Comfortable working independently and contributing to structured team workflows.

## TECHNICAL SKILLS

### *Front-End Development*

- React.js (Hooks, component architecture)
- Next.js
- TypeScript
- JavaScript (ES6+)
- Redux Toolkit
- React Router

### *Styling & UI*

- HTML5 / CSS3
- SASS
- Responsive / Adaptive Layout
- Cross-browser compatibility

## ***API & Architecture***

- REST API integration
- GraphQL (GQL)
- Async data handling
- Component structuring
- Code refactoring

## ***Tools***

- Git / GitHub
- VS Code
- Figma

# **WORK EXPERIENCE**

## ***Construction Management Platform***

Personal Startup Project

Role: Founder & Frontend Developer

### ***Project Description:***

Web-based system for construction cost estimation, material tracking, and worker salary calculation.

### ***Responsibilities:***

- Developed full frontend architecture using React
- Implemented budgeting and salary calculation logic
- Built responsive interface for desktop and mobile
- Structured reusable components for scalability
- Integrated backend REST APIs

### ***Technologies:***

- React, Next , TypeScript, GraphQL, CSS, Git

## ***Kunjut.uz***

Role: Frontend Developer

### ***Project Description:***

Marketplace-style web platform where users can explore businesses, services, and listings.

### ***Responsibilities:***

- Developed and improved UI components
- Integrated dynamic API data
- Optimized component structure for better performance
- Ensured responsive and cross-browser compatibility

### ***Technologies:***

React, Next. JavaScript, REST API, SASS, Git

## **MENTORSHIP EXPERIENCE**

### ***Web Development Mentor (1 year)***

- Mentored beginners in HTML, CSS, JavaScript, and React
- Guided students in building real frontend projects
- Helped improve coding structure and logical thinking

## **EDUCATION**

### ***Samarkand Institute of Agro-Innovations and Research***

Economics / Accounting (2024 – 2029)

### ***Alicode IT Academy***

Frontend Development Program (2023 – 2024)

## **CERTIFICATES**

- Meta Front-End Developer (2025)
- Artificial Intelligence and Machine Learning (2025)

## **LANGUAGES**

- Uzbek – Native
- Russian – Elementary
- English – Intermediate
